Experience

ITYM 2023 | winner of Small group

It's actually hardcore of mathematics competition that I ever tried.

If you want to try this is their website: itym.org

HIMCM 2022 | Finalist

In this competition organizer just give the problem and let's to find the best **math model** to solve or answer their problems.

My recent research | Popoviciu's Inequality in 2D

It's just generalized versions . Basically, It done but I'm struggling in better version of it.
